The preachers even have deserted the Constitutional Convention.

LIEUTENANT-GOVERNOR Bryan has withdrawn from the gubernatorial race.

The citizens of Louisville seem determined to make a united effort to get the State capital moved there.

Hox, David B. Hill, Democrat, has been elected United States Senator from New York to succeed Hon. Wm. M. Evans, Republican.

Three prisoners escaped from the Shelbyville jail last week. One of the four children, has been adjudged insane and ordered to the Annapolis Asylum.

Mrs. Julia Higbee, of Meade county, who was charged with the murder of her four children, has been adjudged insane and ordered to the Annapolis Asylum.

Hox, Wm. F. Vilas, Ex-President General in President Cleveland's Cabinet, has been nominated for the United States Senate by the Democrats of Wisconsin.

A SURVEY is now being made of the Henderson State Line Railroad. The people of Hartford want the road to come to their place, and are willing to give the right of way and some financial aid by taxation.

Vice-President Morton has taken the bit between his teeth and is resorting to the same unjust methods in his rulings as presiding officer in the United States Senate as Boss Reed has adopted in the House.

The Directors of the L. St. & T. held a meeting in Louisville last Thursday and all of the old officers of the road were re-elected. General Manager J. C. McCracken, speaking as to the prosperity of the road, said that it was in excellent condition and making money.

A BRANCH of the Woman's Christian Temperance Union made a raid on the school-keepers in Canaan, Ind., last week and notified each and all of them that they must keep their saloon doors closed on Sunday. From all reports the Canaan school-keepers have been making Sunday the loss day of the week for filling the boys up on stale beer and bad whiskey.

When the Constitutional Convention met at Frankfort last September, it was supposed three months would be ample time for them to reform the old instrument, fully complete the new one and return home. But five months have now gone by and the end is not yet in sight. It is doubtful from the rubbish they are luging into the instrument whether it will ever be ratified by the people.

SENATOR HARRIS, the Democratic Senator from California, who has been at the point of death with cancer, is reported somewhat improved. When he heard that the Republicans were only waiting for him to die before they passed the closure resolution, he said: "I think I am not going to die, and, if it is said that he forthwith provided for get better. 'There's a Democrat for you,' says the Courier-Journal, and so say we all for Senator Harris' sake. He is now convalescing, and if he survives, he will be succeeded by a Force Bill Republican, and if there ever was a time when a Democrat should summon all his vital powers to the aid of his publication, Tribune and Death itself, that time is now.

THAT LADY BUSINESS.

For fear that any criticism the News might make on the action of the county court in letting the contract to build a new jail for the sum of \$11,725, when another firm offered to build it for \$2,000 less, might be construed to mean that the people of Cloverport opposed the building of a new jail altogether, we refrain from anything harsh. But for this piece of unconsidered legislation, Democratic county court will in the future be made responsible—responsible to the people at large and more particularly to their constituents who entrusted them with the county's affairs. If there is ever a time when Democrats should practice what they preach, it is when they are given an opportunity to reform the law and conduct of the county as well as in general matters is what we advocate, and it should be adhered to in building jails where thousands of dollars are involved as well as the matter of low import; you, more so. That a new jail was necessary, no one denies; but was the building of it so urgent that it could not have been postponed for a short time and the county gotten the benefit of the best contract to have had several? It seems to us so. We are glad that several members of the court did urge this course, but they were the minority.

Certainly it is bound to be conceded that the strongest creed in our party affiliations is that of economy, and the unnecessary and lavish expenditure of public moneys in local and State matters. For being amine in their duty in this regard we are in the habit of hurling the strongest anathemas upon the brethren day after day, year after year, but why should we continue to do so if the acts of our own public servants go to the same extent? We do not wish to make war on any party concerned in this affair, but it is public business, and we feel at liberty to inject a bit of criticism here because in our opinion the court erred in the action they took.

The County Assembly of the F. M. B. A. of Breckenridge county had a meeting, it seems, on Jan. 17, 1891. And it seems further that certain propositions and resolutions were adopted. And this preamble and these resolutions are said to recite strange and startling things concerning one John Young Brown. It is inferred from the text of these resolutions and preamble that some one in Breckenridge county had mysterious premonitions and revelations, for otherwise such grave, positive and specific assertions would not have appeared concerning the private matters of a discreet man. It may be so that "insurance companies" "shady characters" and "kings," "national bank associations," and all the enemies and haters of farmers, have conspired with Hon. John Young Brown and jointly pledged a sum of \$10,000 to defray the expenses of his canvass—it may all be so; but how did the farmers find out all these particulars and the BRECKENRIDGE NEWS remains in total darkness until after they had got their scoop on us? We are not going to contradict the farmers, because we don't know anything about it, and we have no special interest in defending Mr. Brown or otherwise; but then it is discouraging to us, after all our pining, taking to get all the news, to have the farmers back in the county getting together and announce the news before we get it. Well, the farmers do want to watch their interests, and we venture to say these farmers will take care to be good Democrats.

The NEWS is not only growing in popularity among the reading classes, but is being sought after by the writers of the country. Last week we rejected contracts for advertising amounting to more than \$150. The NEWS has only a limited amount of space for advertisements, and it is a hard task to select the best. We are compelled to do this to protect our readers. A paper that has a circulation and expects to hold it, must protect its readers. We don't believe in blanket sheets and dead-head advertisements.

The Hospital College of Medicine at Louisville, has received five little bottles of Dr. Koch's lymph, direct from the discoverer's laboratory at Berlin. The supply, though small, is sufficient for fifty thousand injections. Louisville is thus far the first city in the South to have an opportunity for testing this sensational discovery. The college staff will immediately begin experiments upon patients at the hospital. Hundreds of consumptives in all stages are already applying for treatment at the hospital.

The closure resolution was defeated in the Senate Monday by a vote of 35 to 34. This was a resolution introduced by Senator Aldrich, of Rhode Island, for the purpose of stifling further debate upon the Force Bill, and is commonly termed the "Gag Rule." Its defeat is very significant, and the people may well rejoice that their liberties have again been rescued from the imminent peril incident to the present Republican administration and Congress.

The land owners in the West end should look well to the East and lower their rights on lands. There's danger now of things taking an Eastern turn.

Beware of Ointments for Catarrh that contains Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces, such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, and acts directly upon the mucous membrane of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Sold by druggists, price 75c per bottle.

The Fiftieth Anniversary of our Pastor's Ministry Among the Baptists of Kentucky.

We expect to celebrate the golden anniversary of Dr. Dowden's ministry, on the 31st of February prox., by suitable services at Sandy Hill meeting house, in Meade County, Ky. We feel that it should be an occasion of gratitude to God, to all those who have enjoyed his ministrations. We therefore propose to give expression to our gratitude by a free-will offering of at least a nice suit of clothes; and believing that there are many who have enjoyed his preaching for the past, that would like to give substantial aid in this, we address you this circular. Brother Dowden is a native Kentuckian, and has never been a pastor out of the State. He has been and spent the greater part of his life in the service of the Lord, and has associated thirty-one years, and has served Sandy Hill as pastor for thirty-seven years. Thankful to God that he has spent so long a life in the service of the Lord, we feel that it is now a pleasure to us to give a continuation of his usefulness for years to come. The undersigned were appointed a committee at the December meeting, 1880, to receive all contributions that may be sent, and apply them as above.

John L. Henry, chairman, Irvington, Ky.; Seth Sims, secretary, Irvington, Ky.; George Willes, Siroco, Ky.; Mrs. Della Backett, Webster, Ky.; Miss Anna Ashcraft, Brandenburg, Ky.; Miss Mary Simmons, Irvington, Ky.

BRANDENBURG.

John T. Dittis, Agent & Corresp at

Next Monday is County Court day. Mr. M. G. Reed was at home Sunday. E. H. Shellman was in Louisville last week.

Mr. T. Dittis was in Louisville last week. L. L. Lewis, Louisville, was in town Sunday.

Miss Annie Fontaine is visiting in Irvington. Miss Maggie Green is attending school at Lexington.

Geo. H. Casperke was in Corydon several days last week. Thomas McDonough, of Woodland, was in town last week.

Miss Winona Green returned home from a visit to Louisville. Mr. A. Dittis, Jr., took a large drove of sheep to Louisville Saturday.

Miss Annie Richardson has returned home from a visit in Garrett. Bossie Lewis, who has been sick with scarlet fever has about recovered.

Mrs. J. F. Woolfolk and Mrs. R. H. Scott were in Louisville last week. Mr. Audulf & Wight shipped 15 head of cattle and mules to Louisville Saturday.

An Aid Social was given at the residence of Mrs. M. Fontaine, Friday evening.

We understand that Prof. Frank McAuliffe intends teaching a spring school here.

W. F. Casperke has returned to Louisville after spending several weeks with his parents.

Mrs. Harriet Powell and daughter, Miss Lida, have returned home from a visit to Corydon.

Mrs. Mary F. Helmsstetter has been granted a pension on account of her late husband, Mr. Leopold Helmsstetter.

Mr. H. C. Woodson is greatly improving the property he bought of the J. W. Richardson estate by erecting several new warehouses.

Mr. A. W. Moreman has issued a handsome pamphlet advertising his horses at the "Glen Point Stock Farm." The pamphlet was printed by the News. The public school here has given perfect satisfaction and will have a large number of pupils during their spring sessions.

The party consisting of Dr. J. M. Hardin, J. F. Woolfolk, R. H. Nevitt, W. H. Richardson and O. C. H. Richardson, who went on a prospecting tour to Georgia about two weeks ago, returned home Sunday.

Prof. Scott, who has been teaching the high school, will close his term, which he has purchased The White Sulphur Springs, Ind., and is preparing for the coming season. Everyone who has patronized his school has been delighted with his teaching, and both he and his excellent wife have made a large number of friends here, who wish them success in their new home.

The trial of Mrs. Julia Higbee upon the charge of lunacy, which was begun at Muldraugh, Tuesday morning, Jan. 20th, before County Judge Rawlings, was concluded Thursday evening, the jury being very mystified by the case. Mrs. Higbee is the woman who is charged with having killed her four children, and attempted to kill herself by taking arsenic poison. The case is a very mysterious one, and a great many people entertain grave doubts that Mrs. Higbee is the guilty party. She is apparently perfectly sane, and stoutly maintains her innocence. She was conveyed to the asylum by Sheriff S. P. Woolfolk last Friday. The Meade county grand jury will no doubt investigate this case, and will probably return the Meade Circuit Court.

"Just as Good."

Say some dealers who try to sell a substitute, preparation, which a customer calls for Hox's Sarsaparilla. Do not allow any such false statement as this to induce you to buy what you do not want. Remember that the only reason for making it is that a few cents more profit will be made on the substitute. Insist upon having the best medicine—Hox's Sarsaparilla. It is peculiar to itself.

THE BEST THING YET

A Mammoth Brick Concern Employing 125 Men And Having a Capacity of 140,000 Brick Per Day.

Messrs. J. M. McCracken, A. M. McCracken, J. C. Loomis, R. N. Hudson and Mr. Thompson, arrived here Sunday evening, and spent the day in perfecting the arrangements for the establishment of the Vitrolized Brick Works. The lands of Mr. A. B. Skillman lying on the Eastern shore of the Kentucky deposit of this peculiar clay ever discovered, and such lands are necessary to the purpose were secured by the owners of the enterprise for the location of their works.

Mr. R. N. Hudson, chief engineer of the L. St. & T. R. R. is completing the location of lands and survey of deposits, and the plan for the manufacturing of common and vitrolized brick will be in working order in ninety days. One hundred and twenty-five men will be employed by the enterprise, and its capacity will be 140,000 brick per day. The stratum of fine common clay overlying the deposit will be used to make common brick.

A Pleasing Sense

UNION STAR.

Al. Cashman is in New Albany. There is one vacant house in town. Mrs. M. J. Croson has returned from New Albany.

Mr. J. J. Severs attended court at Hardinsburg last week. Miss Clara Cashman spent the holidays at Weldon, Ky.

Miss Dora Gardner's school closed at Shiloh on the 10th inst. Revs. Browder and Meyers held quarterly meeting here on the 11th inst.

Mrs. C. M. McClintock went to Louisville to see Mrs. A. Robertson, who is quite ill.

Mrs. J. T. Hanks, of Stephensport, recently spent a few days with her mother, Mrs. Ricketts.

Mrs. T. R. Helm and daughter, Mrs. Vaughn, spent one day last week at Mr. De Milner's.

Misses Jennie and Gertrude Elder, Ruth Cunningham and Lattie Parr were at Mr. Cunningham's last week.

Mr. C. M. McClintock went to Louisville last week to meet and escort his niece, Miss Susie Brashear, home.

Mr. Alfred Dorsey, of Louisville, spent several days with his friend, W. B. Davidson, and now both are in Owensboro.

Mr. B. F. Farr's school has closed here and he will start in a day or two for Valparaiso, Ind., where he will continue his studies.

Quite a number of our citizens have been slightly indisposed for a few days, but most of them are now recovered. Among those still confined to their beds are Mrs. J. W. Chappell, Mr. R. C. Richardson and Mrs. D. S. Richardson.

CLIFTON MILLS.

Clifton and Louisville have an excellent partnership string land. Miss Lulu Skillman is attending writing school at Webster, taught by Miss Lou Galloway.

Messrs. H. C. Haddock and A. M. Glasgow attended County Court this morning.

Hold. Glasgow will leave for Denver, Tenn., next week, where he will engage in the millwright business.

We are having a great deal of sickness in our surrounding neighborhood and Dr. Parks is having a large practice.

We are having a good school, it is conducted by Mr. L. E. Adkinson, with an average daily attendance of about forty-five pupils.

Mr. Jeff. Jolly, Jr., will attend the Hardinsburg school five months, after the close of the public school at this place.

Misses Marietta and Mattie Adkinson gave quite a nice dance at their home on Tuesday night last.

HIS FOOT CRUSHED.

Accident to Brakeman Harry McHowell of the L. St. L. & T. at Owensboro. Harry McHowell, the head brakeman of train No. 61, on the L. St. L. & T. railroad, had his foot crushed yesterday at Owensboro, near the O. & N. crossing. He stepped off of the slip, where he had been riding, and his foot slipped, throwing him in such a manner that the forward track pin caught over his foot splitting it and crushing the ankle. He was carried to the residence of Pat Thompson near by, and a physician called. Though it was at first thought that amputation of the foot would be necessary, a closer examination showed that the operation would not have to be performed.

McHowell is considered one of the most energetic employees of the road, and has been in its employ for a long time. Later information states that amputation of McHowell's foot was found necessary and the operation performed.

Pensions and Patents.

Frank L. Hancock, of Owensboro, U. S. Patent and Pension Attorney, will be in Cloverport February 25th and 26th. You are cordially invited to meet me. Advice free. I refer you to Hon. William T. Ellis as to my qualifications and honesty. When you write, please to L. H. Hancock.

One hophead of Breckenridge county new tobacco sold on the breaks in Louisville last week for \$14.75 per 100.

WHAT IS SCROFULA

It is that impurity in the blood, which, accumulating in the glands of the neck, produces unsightly tumors or swellings, which cause painful running sores on the arms, face, neck, or other parts of the body. In the eyes, ears, or nose, often causing blindness or deafness; which is the origin of pimples, cancerous, or the many other manifestations usually referred to as "humors," which, unless treated by the long, tedious, and painful and death. Being the most ancient, it is the most general of all diseases of affections, for every person is subject to it from time to time.

How Can CURED

It is by taking Hood's Sarsaparilla, which, by the remarkable cure it has accomplished, when other medicines have failed, has proven itself to be a potent and peculiar medicine for this disease. Some of these cures are really wonderful. If you suffer from scrofula, be sure to try Hood's Sarsaparilla. Every spring and autumn, when the system is troubled with impurities, such as breaking out in the various places. My little boy, three years old, has been a terrible sufferer. Last spring he was one of those cases of scrofula. I was advised to use Hood's Sarsaparilla, and he has taken it. The result is that he has been cured of the scrofula, and his skin is now as healthy as ever. And all four of my children look bright and healthy. Wm. W. Arnsperger, Farmer, C. J. N. J.

Fresh from the Market, and will just state that, I am here to sell at prices equal with any of my competitors, and I solicit your trade and influence.

My motto is to sell strictly for Cash or exchange for any kind of produce at the market price. Give me a trial visit at once and I will use my endeavor to please you and hold your patronage.

Respectfully,

MICHAEL MEYER,

HARDINSBURG, KY.

Valuable Farm for Sale!

Containing 300 acres. 200 acres cleared, 100 in fine timber, situated on the Hardinsburg and Cloverport Turnpike, two miles West of Hardinsburg and eight miles East of Cloverport. Forty acres sown in wheat, forty acres good corn ground, and twenty acres for oats, ten acres for tobacco, the remainder in grass.

Improvements, one dwelling and two tenant houses, two barns, and well supplied with water the year round, two orchards, one bearing, the other just set out.

This is a splendid farm and well suited for raising stock. Will be sold at a low price and on reasonable terms. For further particulars address
